### Studies

- **PhD** in Electrical and Computer Engineering from the School of Electrical and Computer Engineering of the National Technical University of Athens, Greece.
- **MSc** from the Department of Electrical and Computer Engineering of the Democritus University of Thrace, Greece.
- **Diploma** in Electrical and Computer Engineering from the Department of ECE of the Democritus University of Thrace, Greece.

### Research Interests

- Real time resource management of computing systems
- Heterogeneous memory systems
- Programming models of heterogeneous computing systems
- Resource management of parallel and distributed systems
- Efficient deployment of AI algorithms on computing devices

### Scientific Publications

- > 15 articles in international journals
- > 30 publications in proceedings of international conferences and workshops
- Best paper award: 12th International Green and Sustainable Computing Conference 2021
- “Stamatis Vassiliadis Best Paper Award”: ICSAMOS 2007

### Research Projects

- Participation in 7 European projects (FP7, H2020 and Horizon Europe)
- Reviewer (external expert) in European projects in the area of high-performance computing
